SUMMARY

I am a third-year Computer Science student at Addis Ababa University. With a strong passion for technology and a focus on web development, my academic journey has provided me with foundational knowledge in programming languages such as Java and C++, and I am currently enhancing my skills in HTML, CSS, and JavaScript.

I have a proactive approach to learning and a strong work ethic. My attention to detail and effective communication skills help me thrive in team settings. I am eager to grow in web development and bring creativity and fresh ideas, making me a valuable asset to any team.

I am seeking a front-end development role to apply my programming abilities and problem-solving skills to create visually appealing and user-friendly web interfaces.

SKILLS AND QUALIFICATIONS

Programming languages : HTML, CSS, JavaScript, C++, Java

Frameworks and Libraries: Bootstrap, React.js

Version Control: GitHub

Design Tools: Figma

Soft Skills: Problem-solving, Teamwork, Time management, Attention to detail, Creativity

ACADEMIC PROJECTS AND RELEVANT EXPERIENCE

Academic Projects

Personal Portfolio | Web Development Course | September 2024

| <https://kalkidan-gashaw.github.io/project1/> |

Technologies: HTML, CSS, Bootstrap

Description:

- Designed and developed a visually appealing and user-friendly personal portfolio website to showcase my skills and projects.
- Implemented responsive design to ensure optimal viewing across various devices.
- Utilized CSS Flexbox to enhance the website's functionality and performance.

Movie Fetcher App | Web Development Course | December 2024

| <https://reactproject-inky-two.vercel.app/> |

Technologies: React, Javascript, CSS and Bootstrap

Description:

- Implemented a responsive UI to display movie titles, overviews, and posters.
- Utilized Axios for efficient API requests and state management with React hooks.
- Ensured a smooth user experience with loading states and error handling.

Bank Management System (C++)

Description:

- Developed a simple bank management system as a beginner project using C++.
- Implemented modular programming principles to enhance code organization and maintainability.
- Features included basic functions such as account creation, deposit, withdrawal, and balance inquiry.

Other Experience

Tutoring for Ethiopian University Examinations

Provided tutoring services to students preparing for the Ethiopian University entrance examinations, focusing on enhancing their academic skills and exam readiness.

Attendance at Self-Development Conference

Participated in a conference centered on self-development, gaining insights into the importance of persistence as a key factor in personal and professional growth.

CERTIFICATIONS

Certified in Fundamental programming in Nano programming

UDACITY, September 2024

Certified in Strategies for Successful Online Learning

Ministry of Education, October 2024

COLLABORATION AND COMMUNICATION TOOLS

Remote Tools: Zoom, Google Meet, Google Workspace

Communication Tools: Slack, Email, WhatsApp, Microsoft Teams, Discord

EDUCATION

Bachelor of Science in Computer Science

Expected Graduation: June, 2026

Addis Ababa university, Addis Ababa

1st Year: Introduction to Computer Programming in Python, Emerging Technologies

2nd Year: Object-Oriented Programming, Fundamentals of Database

3rd Year: Networking Model(OSI Model and TCP/IP), Software Development Life Cycle

Certificate of higher Education

Kokebe Tsibah Secondary School: June 2022

Hobbies & interests

- Learning New Technologies
- Reading Psychology books
- Cooking
- Watching: Fantasy movies
